No Bedbugs

Commercial Steam Cleaner

Cleans, sanitizes & kills bed bugs without chemicals

Steam cleaner for continuous use professional applications.

The DE 4002 Commercial Steamer provides unparalleled chemical free cleaning and sanitizing of even the most difficult surfaces and items. Utilizing Kärcher's unique two-tank system that allows for continuous use and water replenishment, the DE 4002 can produce approximately 1,585 gallons (6,000 liters) of steam from its boiler capacity of only 1.2 gallons (4.6 liters) with a run time of up to 5 hours! The DE 4002 not only removes the most difficult soils from nearly any surface but it can be combined with a wide variety of accessories for other tasks such as stripping wallpaper, window cleaning, steam cleaning clothes and upholstery and chemical free cleaning of ovens and grills. The DE 4002 is ideal for use in schools, institutions, hotels, restaurants and building restoration.

The DE 4002's 248° F steam is the perfect way to chemically-free eliminate bedbugs and their eggs. This easily portable unit can treat sofas, chairs, furniture, mattresses, cabinets, walls and just about anywhere bedbugs hide. The DE 4002 steamer can also be used on carpets and is one of the best ways to treat baseboards, cracks and crevices.

Two Tank System (boiler and refill tank):

Separate water reservoir can be filled while the machine is running. No 15 minute wait periods for tank to cool down for refilling found on some competitor machines.

Dual Boiler Tank Heating Elements:

1,500 watts

Variable Steam Volume:

Control knob regulates amount of steam volume. Output can be adjusted perfectly to the cleaning task.

Audible or Visual Alert System:

Operator is reminded of low water, low steam, low temperature, even when boiler de-scaling is required.

9 Minutes to Heat Boiler Tank

Filter Funnel

Accessories available to suit any cleaning need.
