

Cleaning with convenience.

Scrubs and dries close to edges quickly without a cord.

The power of innovation.

The name Kärcher is synonymous with power, quality and innovation worldwide and for cleaning expertise that sets standards. As a world market leader, Kärcher is one of the driving forces behind pioneering advances in the area of cleaning system technology. New technologies and systems of exceptional quality are constantly developed to meet specific customer requirements. The most recent example is the new BD 40/12 C Bp scrubber which innovatively combines efficiency, versatility without compromising quality. The new BD 40/12 C Bp is extremely user-friendly and maneuverable.

The new BD 40/12 C Bp – designed with the user in mind:

- Extremely compact and maneuverable.
- Extremely easy to use.
- Ideal for awkward areas.
- 2-stage system tackles stubborn dirt.
- New whisper-quiet turbine technology.
- Floors are immediately dry.
- Extremely maintenance-friendly.

Versatility meets convenience.

The innovative and compact, battery-powered BD 40/12 C Bp is ideal for manual cleaning of small and medium-sized areas between 1,076 to 5,380 ft². This machine is ideal for contract cleaning, retail, hotels, healthcare and public buildings. The BD 40/12 C Bp is extremely versatile and easy to use.

Versatile

The BD 40/12 C Bp is designed for fast and efficient cleaning – ideal for confined and furnished areas. The narrow chassis allows scrubbing and drying close to edges with exceptional cleaning results.

Convenient

All controls of the new BD 40/12 C Bp are clearly arranged, easy to access and use. This minimizes training and incorrect use. The symbols are self-explanatory. The BD 40/12 C Bp is easy to maneuver and push. A height adjustable handle design for relaxed and ergonomic use. The BD 40/12 C Bp also features whisper-quiet turbine technology.

1 Fast and maneuverable

The extremely maneuverable BD 40/12 C Bp is ideal for cleaning close to edges. **The brush assists forward movement, making the machine easier to maneuver.**

2 Simply simple

Easy to use – suitable for inexperienced users. The BD 40/12 C Bp has three switches on the push handle next to the battery indicator with self-explanatory symbols for ease of use.

3 Whisper-quiet

The BD 40/12 C Bp with whisper-quiet turbine is ideal for use in hospitals, schools or hotels.

4 Immediately dry

The squeegee moves around the brush head and picks up water also when turning. Soft, oil-proof squeegees glide smoothly across surfaces for optimal vacuuming results. Cleaned surfaces are immediately dry.

5 Durability as standard

The BD 40/12 C Bp features an on-board charger and easy access maintenance-free batteries. A machine that is simply built to last.

6 Compact and versatile

Height adjustable folding handle for easy transport and storage.

7 Slim and elegant

The BD 40/12 C Bp fits through narrow passages thanks to its slim chassis design.

8 Leakproof

The integrated solenoid valve immediately closes when brushes stop to prevent cleaning liquid spills on floors.

BD 40/12 C Bp

Cleaning made easy.

The new BD 40/12 C Bp has numerous useful features that make cleaning much easier and quicker which saves time and money. Perfectly designed fresh and dirty water tanks make filling and emptying easier. Easy battery charging with on-board charger. The machine is ready for the next cleaning task in minutes, for even more versatility and efficiency.

Full capacity use

Centrally positioned fresh water tank with large opening for easy access. Fresh water is extracted at the lowest point for full capacity use.

Emptied quickly

Dirty water tank can be emptied using the drain hose or removed and emptied.

Easy to use

The brush function, suction turbine and water flow are controlled via three buttons on the push handle.

Technical data

BD 40/12 C Bp

- Compact and extremely maneuverable
- Battery powered
- Curved squeegee
