ESCALATE YOUR CLEANING.

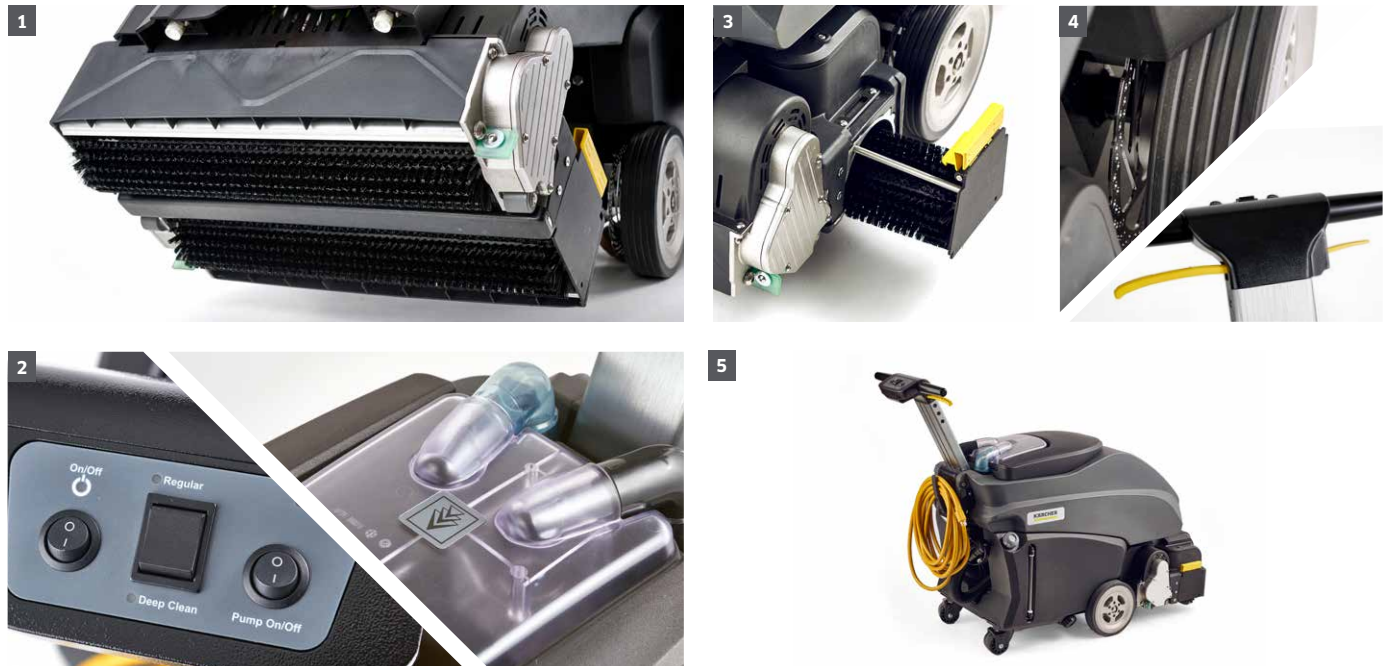

Cleaning escalators is made easy with our reliable cleaning solution.

PROFESSIONAL | BR 52/11 ESC ESCALATOR CLEANER

Powerful and reliable cleaning for escalators, travelators, and inclined moving walkways across all equipment manufacturers.

The BR 52/11 ESC escalator cleaner offers efficient and ergonomic cleaning for escalators and moving side walks. With its sturdy design and reliability, this model withstands dirt, water, and misuse for long-lasting results. Say goodbye to extended downtimes as this cleaner utilizes proper solution flow and excellent recovery, minimizing disruptions. Equipped with universal brushes, it enables quick and hassle-free cleaning across all equipment manufacturers. Experience the convenience, efficiency, and optimal cleaning performance of the BR 52/11 ESC escalator cleaner in any environment.

1 Rugged gear driven brush system

- Gear-driven brush motors minimize maintenance needs, reducing downtime and associated costs
- Delivers superior cleaning quality and extends service intervals, resulting in long-term cost savings

2 Simple controls and visual feedback makes monitoring simple

- Streamlined three-button control panel simplifies operation and reduces the learning curve for operators
- Clear vacuum chamber provides visual confirmation of the solution recovery and effectiveness of the cleaning process
- Excellent sightlines enable easy monitoring of all systems, ensuring efficient cleaning

3 Universal brushes featuring tool-free removal

- Effortlessly remove brushes without the need for tools, encouraging quick and hassle-free maintenance
- Compatible with equipment from all manufacturers, reducing replacement costs and offering versatility

4 Easy, secure braking system

- One smooth motion locks the machine in place, ensuring stability during cleaning operations
- Dual disk brakes keep the machine firmly rooted and engaged, providing added security and peace of mind
- Quick and clean release of the brake allows for seamless movement as needed

5 Effortless maneuverability in congested areas

- Sleek design allows for easy movement even in tight and crowded spaces
- Rear casters provide added stability and smooth motion
