WORK LATE, CLEAN QUIET

Tackle cleaning jobs at any hour without disturbing the peace.

GO CORDLESS, GO GREEN, GO CLEANWAVE.

Experience the power and freedom of the CleanWave battery-powered pressure washer mounted on a ready-to-roll TRK-3500 trailer. This innovative combination delivers heavy-duty cleaning performance with zero emissions and ultimate portability. Enjoy up to 4 hours of runtime with the convenience of a 200-gallon water tank and dual hose reels, all in one rugged and versatile package. The CleanWave trailer is the future of pressure washing, offering unmatched efficiency and flexibility for professionals.

Features

- Durable TRK-3500 trailer is easy to transport and maneuver
- Zero Emissions operation for a cleaner, quieter work environment
- Longest runtime in the market with up to 250 minutes of continuous cleaning power in ECO mode for maximum efficiency
- High-density, polyethylene 200-Gallon Water Tank increases productivity with fewer refills
- EASY!Force Trigger Gun gives effortless operation with cruise control technology
